FREE OFFER

Buyers who have been with us for years will notice quite some change in the dress of our catalogue. I am informed by advertising and catalogue experts, that you, as part of the great American buying public, are quite likely to think that the seeds that grow the largest and best plants can only be offered in the largest and most expensive catalogue. This list costs me twenty cents each less than that of last season. I am offering this to you, whether you order here or not. Send for twenty cents in seeds or bulbs. If you order, add this to your order gratis. If you do not order, send for this offer anyway. It is free, with no strings on it. We are taking it away from the printer and giving it to you.

RALPH E. HUNTINGTON.

Asters for Florists

Carefully rogued to type and clean of yellow centers. They will give utmost satisfaction to the market grower and florist. We grew some of the novelties but most were imported.

STAPLE ASTERS

FOR THE GARDEN AND CUT FLOWER MARKET—PRIME STOCK.

Early Wonder (Extra Early Express or Early Hohenzollern). The earliest of all asters. Comet type, branching from the ground into four or six slender stems crowned with good sized comet type flowers. Disbudded it makes good size. Being a quick grower, it must not be checked in growth by lack of water or cultivation, else it will dwarf. A very profitable aster for bench or open ground. Four colors: White, Rose, Light Blue, Purple, or Mixed. Pkt. 10c, $\frac{1}{8}$ oz. 20c, $\frac{1}{4}$ oz. 35c, $\frac{1}{2}$ oz. 60c, 1 oz. \$1.00, 1 oz. \$1.75.

Lavender Gem. A fine, upright comet aster, good size, long stem, never comes yellow centered. The earliest true lavender. Pkt. 10c, $\frac{1}{8}$ oz. 20c, $\frac{1}{4}$ oz. 35c, $\frac{1}{2}$ oz. 65c, 1 oz. \$1.00, 1 oz. \$1.65, 1 oz. \$2.25.

Queen of the Market. Fine for making up or bunching. 6 colors: White, Rose, Flesh, Lavender, Purple, Crimson, or Mixed. Pkt. 10c, $\frac{1}{8}$ oz. 25c, $\frac{1}{4}$ oz. 45c, $\frac{1}{2}$ oz. 75c, 1 oz. \$1.25.

Royal. An earlier form of the branching aster. We consider this the most important in the whole list for the commercial grower. Coming into bloom with the last of the Queen of the Market, it is a most important factor in the cut flower market, both under glass and outside. White, shell-pink, lavender-pink, purple, rose or mixed. Pkt. 10c, $\frac{1}{8}$ oz. 25c, $\frac{1}{4}$ oz. 40c, $\frac{1}{2}$ oz. 75c, $\frac{1}{2}$ oz. \$1.25, 1 oz. \$2.25.

Sawyer Asterum. We have a good stock of carefully grown seed in white, pink, and deep lavender. Pkt. 10c, $\frac{1}{8}$ oz. 35c, $\frac{1}{4}$ oz. 50c, $\frac{1}{2}$ oz. \$1.00, 1 oz. \$1.75.

Vick's Mikado. The finest of the midseason comet asters, very vigorous and free, the immense feathery flowers reaching under fair cultivation as high as 6 $\frac{1}{2}$ inches in diameter. White, Rose, Lavender Pink, Violet, Lavender, Crimson, Purple or Mixed. Pkt. 10c, $\frac{1}{8}$ oz. 25c, $\frac{1}{4}$ oz. 40c, $\frac{1}{2}$ oz. 75c, $\frac{1}{2}$ oz. \$1.25, 1 oz. \$2.00.

Early Beauty Type. All the characteristics of the Late Beauty type, but blooms with the latest of the Late Branching. Six separate colors: Carmine, Lavender, Purple, Shell Pink, Rose, White, or Mixed. Pkt. 20c, $\frac{1}{8}$ oz. 40c, $\frac{1}{4}$ oz. 75c, $\frac{1}{2}$ oz. \$1.25.

Single or Marguerite Asters. Very artistic daisy-like flowers always in soft pastel shades. Four colors, White, Soft Rose, Light Blue and Dark Red. Pkt. 10c, trade pkt. 25c.

Ball's White. A new white branching aster that has attracted much attention in the markets of late. Good and easy. Same price as Giant Branching Comet.

Upright Comet (Pastel Pink). A wonderfully soft, dull rose pink. This aster is in a class by itself as to color, nothing like the color in any other aster, a real novelty. Good sized flowers

on slender stems. Pkt. 25c, trade pkt. 50c.
Imperial. A most important aster, much used for making up. Well rounded flowers, good size, on stiffly upright stems. Very free, and useful for taking up and potting in bloom, when it will last for two weeks or more. 6 colors: Purity, Daybreak, Hortensia Rose, Indigo on white ground, Rosy Carmine, Yellow overlaid pink, Lilac, or mixed. Pkt. 10c, $\frac{1}{8}$ oz. 25c, $\frac{1}{4}$ oz. 40c, $\frac{1}{2}$ oz. 75c, $\frac{1}{2}$ oz. \$1.40, 1 oz. \$2.25.

Giant Branching Comet. A heavy grower, so far superior to the old upright form of comet that we have discarded the latter. Fine form, good stem and an easy grower. For immense size disbud. 8 colors, White, Shell Pink, Rose, Light Blue, Azure, Dark Blue, Deep Rose, Crimson, or Mixed. Pkt. 10c, $\frac{1}{8}$ oz. 25c, $\frac{1}{4}$ oz. 40c, $\frac{1}{2}$ oz. 75c, $\frac{1}{2}$ oz. \$1.40, 1 oz. \$2.25.

California Giants. Flower larger than Crego, stem much longer. Practically non-lateral, doing away with the necessity of disbudding. Very large and strong grower. A very valuable new aster. 5 colors, White, Light Blue, Deep Rose Dark Purple, Lavender, or Mixed. Pkt. 15c, Trade pkt. 40c.

Late (American) Branching. Probably the best known of all asters. A staple sort for years in both garden and the markets. 11 colors: Cardinal, Crimson, Deep Rose (Lady Roosevelt), Lavender, Azure, Peach Blossom, Peerless Pink, Lavender Pink, Sensation (Dark Crimson), Blackish Blue, Purple, Extra Selected White, or Mixed. Pkt. 10c, $\frac{1}{8}$ oz. 20c, $\frac{1}{4}$ oz. 35c, $\frac{1}{2}$ oz. 65c, 1 oz. \$1.00.

The King Type. Large and vigorous growers, mostly of upright habit. Flat flowers, with well covered centers, needle-like petals distinct from all others. 7 colors, White (br.), Rose (br.), Pink (up), Crimson (up), Violet (br), Shell Pink (up), Blackish Blue very dark (br.), or Mixed. Pkt. 19c, $\frac{1}{8}$ oz. 25c, $\frac{1}{4}$ oz. 40c, $\frac{1}{2}$ oz. 75c, $\frac{1}{2}$ oz. \$1.25, 1 oz. \$2.00.

American Beauty Type. Very late, and rankest growers of all, very long stems and large, solid kowers. Rose, Shell Pink, White, Lavender, or Mixed. Pkt. 15c, $\frac{1}{8}$ oz. 35c, $\frac{1}{4}$ oz. 65c, $\frac{1}{2}$ oz. \$1.00; $\frac{1}{2}$ oz. \$1.65, 1 oz. \$2.25.

Above Asters bloom in the order of their listing

ASTERS IN NOVELTY COLORS

Not as reliable as our selected staples, but very useful for making up collections, or for showing, or for something different in the garden. All are well worth growing, especially the dwarfs, which make up into miniature bouquets, well arranged, from eight to twelve inches tall. They can be pulled up in full bloom, and either potted, or used in vases, with roots left on. They will stand in the house for two weeks handled in this manner.

Pansies

Of our own growing. Selected from the best items we have found from the best Oregon grower. True giants, about all ruffled. Without doubt the largest and longest stemmed pansies in the world. These cannot be excelled for forcing. Those who want the best in pansies will find it here. Place orders for this early as stock will be limited. For summer blooming sow in spring in shady spot, and keep well watered. For spring blooming, sow in August outside or in cold frame, and protect through winter. (Seeds ready now.) Plants grown from this seed took first prize at the big S. A. F. Show, Cleveland Auditorium, last March. 100 seeds 20c, 300 seeds 35c, 1000 seeds \$1.00.

General Oregon Mixture. Not all taken from a mixed block, but many separate colors added to insure good color range and to balance the shy seedling colors. 100 seeds 20c, 300 seeds 35c, 1000 seeds \$1.00.

NEW PANSIES (European)

Pansy Giant World Record . An European novelty of great value. Great improvement on Trimardeau, which is the base of all the best mixtures. This is the earliest and latest blooming of all pansies. SELECTED MIXED GLADIOLI

The bulbs in the mixtures below vary greatly in size, running from one inch to two and a half inches. As they vary in color, they also vary in growth of bulb, and to get the necessary color ranges all sizes must be used. Every bulb is guaranteed to bloom and bloom well.

MIXTURE No. 1. While not all ruffled, many of the best ruffled sorts are represented here, as well as fine plain petaled. No better mixture of large flowered sorts can be bought. Per dozen 75c, per 100 \$6.00.

MIXTURE No. 2. This is made up of large flowering sorts, mostly plain petaled. Contains a good assortment of the Kunderd sorts, and also of other American and best Holland items also. A remarkably fine mixture for dozen 60c, 100 \$4.50.

MIXTURE No. 3. Contains what we have termed "DeLuxe", all Primulinus. This is the result of selecting the best of the Kunderd "Orchid Mixture," now dropped, and adding many named varieties. A better Primulinus mixture is not possible. Dozen 75c, 100 \$6.00.

MIXTURE No. 4. This, with many additions, is what has been, and is now, sold by many as "Orchid Mixture." Far better than the original "Orchid Mixture." Per dozen 50c, per 100 \$2.00, per 1000, \$25.

MIXTURE No. 5. For those who want plenty of flowers at a low price, or for seed stores for counter sales. All primulinus, no new varieties, but many medium priced named sorts in it. Price 100 \$2.50, per 1000 \$20.00.

PRIMULINUS HYBRID GLADIOLI

All Kunderdii

In this section will be found varieties distinguished for the varied and beautiful tints of pink

combined with yellow, orange, and saffron. In obtaining these new varieties, the originators crossed the old yellow primulinus or Maid-of-the-Mist with many of the existing strains. Some of the varieties have ruffled petals, some are plain-petaled, and some have intermediate markings. It has been well said that "these new introductions will, for a long time to come, range as the greatest achievement in Gladiolus culture."

Each Doz.

ALBIA. Rich, rose-pink, becoming lighter in the throat, which carries many fine markings-----	.10	.75
ALICE TIPLADY. Color a beautiful orange-saffron-yellow; blooms quite large-----	.10	1.00

DO NOT OVERLOOK PRIMULINUS SHELL PINK—WONDERFUL COLOR

Dahlias

Another of our specialties. It would be very easy to offer a collection of 500 sorts. The list below is selected as the best from more than twice 500 for their color, form and free blooming qualities in both northern and southern climates. Those who have "no luck with dahlias" will do well to try them. Many of the finest varieties, especially in the lighter colored cactus and decorative dahlias are a distinct failure in the northern and middle states and more than 200 miles from the Atlantic seaboard. The following list is a survival of the fittest from over 500 varieties and will be found to do well wherever Dahlias can be grown at all. They are carefully rogued of yellow centers and all undesirable traits.

Prices, each and 12 by mail prepaid. Glad to quote per 100 on request.
